**T**HE items in this sale are for the most part "Macy brands" and are fully guaranteed as to quality, quantity and price. Every item is reduced from the regular Macy price. We do not neglect proprietary, toilet and medicinal articles in our Annual Sales. It is a fact that, at all times, our prices on most proprietary articles are lower than elsewhere and, whenever other stores advertise them at "cut" prices, our prices are lowered to a point to maintain our policy.

For the next four days every article that you buy in this Macy Drug and Toilet Article Sale will mean savings on savings, for Macy's prices always mean savings, and these sale prices mean greater savings.

Macy's Drugs and Toilet Articles are produced in our scientifically equipped laboratories, and are absolutely reliable in every respect. They are made by experts.

Owing to the scarcity of many drugs and the daily changes in the quantity may lead us to infer that the articles are to be sold over again, or where our own stocks are exhausted.
